

How to become listed

The guideline document can be found here: [G-1001 Guideline-on-VDES-satellite-details.pdf \(vdes-alliance.org\)](https://www.vdes-alliance.org/G-1001_Guideline-on-VDES-satellite-details.pdf)

1. Send your satellite into space.
2. Get a NORAD ID.
3. Fill out the online registration form with:
 - Organization's information
 - Your contact information
 - Satellite ID
 - Network ID
 - Roaming ID
 - Satellite catalog number (NORAD ID)
 - ITU Satellite Network Filling Name
 - Satellite orbit
 - Satellite name
 - Service areas
 - VDES functionality compliance
 - Operational status
 - Satellite owner
 - Satellite operator
 - Checkbox if in the same network with already existing VDE-SAT ID's
4. For members of VDES Alliance, registering satellites registered on their own organization/company: no payment.
5. For non-members: pay an invoice of 150 Euro per registration for 1 satellite, plus 10 Euro for each other satellite in the same registration.
6. Check if the registration is correct.

Changes to an existing registration:

- Please contact the secretariat.
- For non-members: a 50 Euro fee will be charged.
